Best Part?

You Don't Lift A Finger!

HERE'S HOW IT WORKS...

Step 1: We get on a call

I realize everyone is different. You have different wants, needs, experiences and desires...

Which is why I make sure I understand what you truly want from this business before we build it for you and help you turn it into a massive success.

HERE'S HOW IT WORKS...

Step 2: We build an action plan for you

On the call, we'll work together to build an action plan that's specific for YOU.

This is where **we'll both decide** if you're a good fit for our **DFY Ecom Academy Workshop**.

ACTION PLAN NOW**

HERE'S HOW IT WORKS...

Step 3: You Pick An Option

If accepted, you get to decide if...

1. You want to take the action plan from the call and do it all yourself

OR

2. You want our team to set everything up for you within 2 to 3 weeks and get you set up making money the very next day

WHY WOULD I DO THIS?

- I know for a fact that setting all of this up is DAMN HARD
- There's a lot of courses on Ecommerce out there, but 99.9% of people NEVER implement anything
- But once set up, this is SUCH an EASY business to run and I want you to be successful

<http://shaqirhussyin.com/ecom>

THIS IS NOT FOR EVERYONE

- We can only work with a small number of people each month, so we pick the most serious entrepreneurs only as we want a 100% success rate with your DFY Ecom Academy Workshop.
- You won't receive any pressure to buy anything and this is a 100% free Ecom Action Plan consultation call that we will later sell for at least \$497.

<http://shaqirhussyin.com/ecom>

WHO CAN WE HELP?

- Struggling home business owners, who want an easy and simple system for generating money
- Entrepreneurs who've failed with other systems and are looking for their BREAKTHROUGH online
- Anyone who wants a real online business that makes them at least \$1,000 per day or more
