WINTER IS COMING. NO one will save you. Let’s get you scaling.

Hello beautiful soul. I see you. I see your quiet struggles, dreams, goals and wanting to bad to be your best self.

I want to help you scale without losing your soul. Let me help you unlock that potential inside of you. **Help yourself now by focusing and reading every word of this letter.**

Winter is coming, when I joined Tony Robbins \$75,000 mastermind he warned us all of this years ago. No one is coming to save you. You must step up to save yourself.

Recession is here already and you can hide and play small, or you can rise up, lock arms with me and achieve more than you’ve ever done. I know what you need. You what you need.

Here’s what we’re doing to get a small group of coaches & consultants that are already making 10k+ per month...

And to **help them scale to 30k-100k+ per month (profits) in the next 90 days.**

I’m starting a new **7 Figure VIP Funnels Accelerator Case Study Group** this month, and I’m looking for a handful of serious business owners / people to work with to create as successful case-studies before our official launch in 2021 (where I’ll double the price of this program)

Look, very few (if any) in the marketing world has achieved my results of being in this industry marketing high ticket digital products using funnels and paid traffic and **selling \$30Million before the age of 30.**

Whilst having a life. I've travelled over 67+ countries as I'm writing this from my 2nd home in Chicago, last week I was in London + spent a week in Portugal whilst working out almost 5-6 times a week. Praying. Spending time with family. Self love.

I humbly share this because most business owners are overworked, over stressed, lack consistent cashflow and are literally a few bad months away from business going down.

Most business owners have on and off months or on and off years, not me.

Their success is good for 1 month, maybe 1 year, maybe maybe MAYBE just 3 years, but not 5, not 10 years.

10 years shows alot about someone. When you choose mentorship you need to find someone that has gone through the ringer, has had bug success and big failures.

So you don't make those mistakes.

I made my first \$10M at 26 years old, I lost \$1.2M cash of profits when I was 26 years of age from being complacent and lazy.

I then turned it all around and generated a staggering \$20M in just 3 years for myself. (in this case many hundreds of millions for clients)

I took the lessons - I've been strong and going strong for over a decade now, to the point where I just said NO to russel brunson for wanting to buy one of my many companies for over 7 figures cash.

You want to have cash.

Lots of cash. Cash = confidence, security and "big balls" / sorry ladies.

You want to have Funnels that are 24/7 digital assets that bring in customers and cash.

You want to have paid traffic + organic traffic working for you instead of you working for it.

I've built 10 brands to over 7 figures each and 3 of them to over 8 figures each. I've also invested over \$560,000 into my own personal development, training, masterminds, coaching and

Our goal is simple;

Get you to 30K per month and beyond in the next 90 days.

If you're already at 30k per month, let's get you to 100k per month.

If you're already at 100k per month, I can help you scale to \$500k-\$1M+ per month.

I've been working very closely with a small group of people in the last 8 weeks.

I've been having a lot of fun and it's been rewarding and fulfilling.

The results have been amazing and I'm going to work with one more case study group over the next couple of months...starting next week.

Here's some of what we're going to work on:

1. I'll personally give you a customized strategy suited on your strength and weakness to create a plan of action (60 mins) - value \$4,500 if bought separately.

2. We'll start with your Hungry Buying Market & your Power Offer, packaging up your coaching & consulting using a tool called The 5P's of Marketing Prosperity that gets clients to buy from you consistently and confidently.

We'll work out the details on a 1:1 basis so that you can help others and get paid what you deserve.

2. Next, we'll take my OSS Automatic Sales Webinar Template, and design your high-value conversion webinar. This will help you guaranteed get the clients you desire and dream of working with. (I have 4 versions of this, just ONE version pulled in \$3Million selling 300+ clients at \$10K cash, who paid upfront all)

It'll be high-value, and high converting. We will work together on this so that you have an automated webinar that works.

3. We'll focus on your Webinar Funnel Pipeline... focusing on the 5 component campaigns that make a webinar successful —sign up, show up, pay up and follow up and automated emails.

I've been mastering this for over 10+ years now. We'll take my best selling converting emails and flat out give them to you. I've written a daily email for almost 8+ years. No one in the industry has done this (maybe Daegan Smith/Ben S) but they aren't here power positioned, marketing and in the "Game".

INSTALLING these magnets and machines (all tech issues) handled and done for you.

4. One of the keys to moving from 1:1 coaching to 1:many is unlocking the knowledge and experience and expertise you've got from your coaching, consulting from your LIFE experience using my Unique Advantage Worksheet and turning it into online courses and programs that profit... you'll be able to scale up your income, without adding any more hours to your day.

I will find your flaws (in a loving way) to help you craft your true offers in a way that gets you paid.

5. My favourite high-probability, low-cost (almost free way) way to generate more business/ is by Positioning yourself as an Authority in your space.

We'll talk about "The Authority Framework Accelerator"...and specifically what to do on YOUR website / sales funnels to get credibility and clients.

We'll also establish your "Story Stack Asset Flow" —a simple system for you to produce high converting assets EVEN if you've never done this before.

6. One of the most overlooked opportunities for more clients is in the "Invisible Influence & Convert" phase... just learning how to run a Selling Without Sales Call and Strategy Session the right way usually takes your conversion rate to 70-90%. We'll work on your Conversion Domination skills in both these areas.

7. Once we've got your O.S.S in place then we focus on the free traffic and paid traffic floodgates. I've spent less than \$3M of my cash to produce over \$30M in sales. I show you the magic when you are ready using my IPS Formula. This goes beyond a "typical" value ladder.

Any one of these things can move the needle immediately for your business, and my experience is that when you work with me, I can take the decade of expertise, headaches, mistakes I've made and can find your blind spots faster than you can.

ONE of these is going to resonate with you and stand out as the BIG opportunity for you specifically we'll be able to spend more time on that one with you.

This next couple of months I'll be working with a small group personally... **and I only want to work with a handful of people who can implement, test and report back on the results.**

I'll use YOUR business as the Case Studies to apply these strategies.

I'm ready to get started right away and I'm inviting YOU to join the Case Study Team.

Here's how it will work...

Each week, we'll focus on one of the scale strategies taught inside of the VIP Funnels Accelerator program.

Then, we'll get together as a group to talk about it and brainstorm specific wording and strategy for YOUR business...so you can put it into action and report on your results.

I really want to create some great case studies from this, so I'll be spending one on one time with you to make sure we maximise your results.

The more you implement... the more I'll work with you.

I have a small group I'm working with right now that includes people making \$10k a month all the way to someone making \$800k per month (without paid ads)...

This is the closest and most intimate way of working with me without my \$50K Mastermind or my \$120K Pink Diamond Consulting.

We're going to be working closely together, so I'd like you to be sure you have 2-3 hours a week (more = better) to dedicate to this over the next couple of months.

The total cost pays for itself very quickly and I can show you how when you watch this and book a quick call with me directly.

My 12 months virtual mastermind is 50K. 6 Months = 30K.

However the investment for this is not cheap and it's reassuringly expensive for many reasons, to the wrong client it's too much.

To the right dream client it's "skin in the game" to take it seriously.

If you know you need confidential 8 figure advisory in a small group 10 people that want to work with me to kickstart 2021...

This is for you. Winter is coming. No one is going to save you. Let's work to save yourself.

The investment for the entire 12 Week Accelerator is only 12.5K

I'd love to work with you.
