Hey Shaq, welcome to Part 1 of this series, I promise if you pay attention, watch the videos and do the exercises you will be ahead of 90% of marketers. Warnable marketers. Warnable entrepreneurs. As someone who has been selling online since the age of 15, I can tell you first hand the last 15 years of being an entrepreneur (9 years of being an online marketer) things change so fast, and if you aren't in it to WIN it, you will be like most people who suffer from information overwhelm at the time, don't achieve anything, don't build a list and don't develop the right skills. The last 2 years I've poured close to \$2MM, and losing as much as 55 team members to come and work with me for me to build WealthAcademy.com to re-ignite, re-form, re-energize the way global education is taught...

What are your options?

- **Marketing MYTH #1:** "You need CHEAPER leads!"
- **Marketing MYTH #2:** "Learn more TRAFFIC secrets!"
- **Marketing MYTH #3:** "You need to get better at CLOSING SALES on the phone!"

30 Day Traffic System

Here Are Just A Few Of The Things You'll Learn:

✓ Module 1: Traffic Fundamentals (\$97 value)

In Module 1, you'll learn the fundamentals of traffic. This training will lay the foundation for the rest of the program and teach you the basic terms and concepts you need to know before moving forward. You'll learn about "Targeted Vs. Untargeted Traffic," defining your audience, and Performance-Based vs. Fixed Cost traffic.

✓ Module 2: PPC (Pay Per Click) (\$97 value)

PPC is the Internet's most popular traffic source and behemoths like Facebook, Google, and Bing generate billions of dollars in revenue every year through PPC advertising. In Module 2, you'll learn how to create ads, choose keywords, bid, and get your ads placed. You'll learn how to use PPC to reach some of Facebook's 1.28 billion users worldwide, and track your ads to ensure that you're always making more money than you put in.

✓ Module 3: The Power of YouTube (\$97 value)

Did you know that YouTube gets over 4 BILLION video views every single day? And the best part is ... it's 100% FREE, which means that you can leverage YouTube to get free traffic on auto-pilot. Module 3 is taught by Terry Lamb—a Top Earner in MOBE and a powerhouse YouTube marketer. Terry will teach you the "Four Essential Pillars" for YouTube marketing success, including how to target prospects, how to turn viewers into opt-ins, and how to create videos that capture people's attention. You'll also learn how to create high-quality videos using just your smart phone.

The 5 Essential Components You Need So You Can Maximize Profits As A Professional Online Marketer...

We have all the funnels in place with opt-in pages, sales pages, order pages, payment processing and fulfillment ready for you.

From the start, all automated follow up with your leads is handled by us, including emails, text messages, live events, and even direct-mail pieces sent out on your behalf.

Costs Of Doing It On Your Own:

- 🎓 Getting sales copy written - \$1.5 per word (average \$10,000 to \$15,000 at the minimum for just one offer)
- 🎓 Getting the sales funnels themselves built - \$150 per hour at the minimum (more funnels = higher costs) - our funnels EACH on average cost over \$10,000 (copy/graphics/tech/integration/merchant accounts)
- 🎓 Getting the TECHY work done; advanced automation, sales funnels, created to make your funnels “talk” to each-other for maximum impact - \$300 per hour at the minimum (more automation = higher costs)

Over \$500,000 into my own education (what I've invested) + 9 years of life, energy, time, mistakes, sacrifices, sleepless nights, blood, sweat and tears.

The precious years of your life that you'll never get back learning the advanced psychology and direct response marketing principles to drive revenue and profits
